MEMORANDUM FOR: DIRECTOR OF TRAINING

SUBJECT: Training Films

REFERENCE: Secret memorandum for D/TR from
AD/CD, dated 6 November 1951,
subject as above.

1. The Referenced memorandum suggests the complete indexing of OSS film footage now held in depositories by other government agencies. The ultimate completion of this project will be of great value to TRC.

2. Before the completion of this project, TRC can realize a more immediate value from certain types of this film footage. A selective screening of the film titles and other data existing on the film by a representative of TRC, acquainted with the training activity, will accomplish this task with a minimum of effort.

3. With respect to these considerations, TRC suggests the following:

a. If given access to the various indices of the films in the National Archives and Library of Congress repositories, TRC will screen these lists on a selective basis against its requirements.

b. TRC will send a representative, together with a GR/OCD representative, to visit the Signal Corps Center OSS repository, to determine if some expeditious means of screening the film there can be worked out to locate immediately film of value to the training activity.
